DISNEYLAND RESERVATIONS ARE REQUIRED FOR ALL PERSONS PURCHASING TICKETS THROUGH MWR

To enter a theme park, guests (ages 3+) are required to have both a valid theme park ticket and a theme park reservation for the same day and same park they want to visit. Park reservations are limited in number; and subject to the availability of park reservations allocated to park tickets as determined by Disney, and theme park capacity. Park reservations are not guaranteed. Guests with a multi-day ticket must make a park reservation for the first theme park they wish to visit for each date of their visit to begin their day; then they can cross over and switch between parks on the same day at any time with no time restrictions. At this time, park reservations are not required after the first park, however, reservation requirements are subject to change. The ability to visit a park is subject to the park's capacity limitations, operational hours, closures and other restrictions, and is not guaranteed. A ticket does not guarantee park entry, even on dates when a ticket is not blocked out. Either download the **Disneyland app** on your smart phone, or visit <https://disneyland.disney.go.com> to secure your park reservations once Disneyland tickets are purchased using each unique ticket bar code number.
